Security Com.
Film Festival Com.
Exhibits Com.
Tape Com.

WORKSHOP INFORMATION

Workshops will be 60 minutes long. The speaker(s) or panel of speakers should talk up to 30 to 40 minutes with the remaining time given to questions and answers from the audience.

A schedule will be prepared in advance, listing workshops, and times. A similar listing will be printed in the official Conference Programme.

Few workshops will be taped. If you wish to tape your workshop, we might be able to provide equipment if you can find someone to physically tape your workshop. We will provide free cassette tape in exchange for the master tape recording of your workshop so that we can make the tape available to conference participants. The exchange can be made at the Audio Tape Booth. A duplicating machine will be stationed at the Audio Tape Booth.

Workshops will be scheduled between 10 am. until 6 pm. on Sat. and Sun. Some workshops may be given twice. Workshops may be scheduled during the lunch period (12-1 pm.), however, we do not suggest it.

NOTE: I understand that the workshop may be taped (audio or video) for sale by the Future of Freedom Fall '82 Conference Committee and agree that any honorarium paid or speaking invitation accepted is in satisfaction of audio and video rights.

Please fill out and mail form if you wish to give a workshop
